### **Subject: CSR Contribution for social and financial development through water**

We hereby thank Scan Holdings (P) Limited for sponsoring and participating in development of Daknepada & Umberpada, villages in Maharashtra.

The village did not have access to water to cultivate more than one crop after monsoon. They are were left with no alternative but to temporarily migrate to nearby places. This also hampered Childrens' education , as they also migrated.

With this project, we could install a solar run water tanker in the village. Furthermore, with drip irrigation system installed in the farms, the farmers now have abundant water for producing more than one crop. This has helped to make the village financially and socially prosperous. At the same time, it is expected to encourage reverse migration from cities to villages and help the village become independent and self-sustaining.

Thanking you,
